This series is a must have!

By LMS

This series was recommended to me by a veteran teacher. These are high interest stories for adults learning the English language. Adult students enjoyed reading these stories, answering the questions, and discussing what they read with others. I even enjoyed reading the stories.

I personally don't like the fill in the blank comprehension questions

By Eva Bellinger

Adult-interest, simple stories provoke discussion and interest in reading. I personally don't like the fill in the blank comprehension questions; but one of my two present students loves them; so she does the exercises out loud..
